

3.24 - Footnotes

- 1 - For more explicit description of "[split mind](#)" see [Russell's The Message of the Divine Iliad](#), chapter IV as also Wilhelm [Reich's](#) "Listen Little Man".
- 1.1 - The in and out vectors do not imply there is a causitive [motion](#) in and out but only evidential motions from other cause(s). True [cause](#) of in and out [motion](#) is mutual attraction ([harmony](#) causing approximation) and mutual repelation ([discord](#) causing separation).
