Schauberger

These **opposing executive forces** are to be found in *statu nascendi* in every *solid*, *liquid* and *gaseous* (*air*) *medium* and in the *highest-grade transitional state* in the *vitamin-molecules* of the *air* and *water*, where they await the *liberating motive impulse* so as to be *transformed* into *life-affirming magnetic* or *predominantly life-negating electric fuel concentrates* (*ions*). The *forces* involved in these *metaphysical transformation processes* are in the *ratio* of 96% : 4%. The *predominant force* in this *process* can either be the *up-building, formative motive force* or its *decomposive counterpart*. Whichever *force* is *subordinate*, down to a minimum of 4%, provides the *resistance* required for all *types* of *motion*. Everything is *ordered* through the *agency* of 'magnetolytic' or 'electrolytic' *processes* of *dissociation*. Both *energetic processes* are of almost equal value, but differ only in *function*. [The Energy Evolution - Harnessing Free Energy from Nature, Magnetism is the Function of Levitism and Electricism is the Function of Gravitism]
