

Genero-activity

Russell

"God decentrates His electric thinking to imagine idea. He then concentrates to form a moving body-image of idea.

Mind-decentration and electrical-depolarization are one. Mind-concentration and electrical-compression are, likewise, one. **Genero-activity**, compression and polarization are also one. They constitute the life principle. Radioactivity, expansion and depolarization are one. They constitute the death principle.

Man's Mind and God's Mind are ONE. Man's thinking and God's thinking are ONE.

Man decentrates to conceive idea and concentrates to create a body in the image of his idea, exactly as God does." [Atomic Suicide, page 109]
