

Mind-Light

"What it has been it still is. No microscope of man can find one electron of that tree within its seed, for if one could find what is really there one would find [God](#). The patterned tree is the image of [Mind-imagining](#). **Mind-Light** projected that image into [space](#) to manifest [Mind-imagining](#). [Mind](#) rested between its cycles of imagining and withdrew the image into its [equilibrium](#). Every *unit of Creation* unfolds and refolds in that life-death manner. Nothing has happened to the [Idea](#) of the tree. It eternally exists and will again unfold into action and again become the imaged form of [Mind-imagining](#) in [repeated sequences](#) when conditions of [electric pressures](#) are favorable for its reappearance." [[Atomic Suicide](#), page 118]

"The [anti-matter](#) discovery of the last two years will become a great branch of science as soon as the offices and purposes of the inert gases are really known, for they are the key which unlocks the long closed doors to God's [zero universe](#) of **Mind-Light**. It is not proper, however, to use the term [anti-proton](#), in reference to the [Soul-seed](#) of any condition of motion. It would be just as inappropriate as the use of the term anti-man in referring to his [Soul-seed](#). What science is really discovering is the reality of the [non-dimensional cathode](#) from which the [electric divisions](#) are extended into dimensioned and conditioned [anodes](#). *It is, at long last, realizing that the action universe of motion must have a [fulcrum](#) which does not move. This will lead to the placing of energy in the fulcrum Source of this universal [mirage](#) of motion instead of in the mirage-extension where Science now places it.* When that day comes, science will first question the [universal vacuum](#) for [CAUSE](#) rather than search within effect for cause. *When this transformation takes place in man's thinking science will have leaped ahead one thousand years in that day.*" [[Atomic Suicide](#), page 251]
