

# Mind-knowing

## Walter Russell

'Nature can create cyclones if it becomes conditioned for cyclones, but man can control those conditions and divide them at his will. Likewise, man can create rains wherever he wishes and in any amounts. The world's vast deserts can be forested with date palms and carpeted with a verdure which would end dust storms forever, and add materially to the world food supply. To enable man to do this he needs only the knowledge of space-geometry, mathematics, the wave of gravity control, and the nature of electric current.

The great power to transmute through Mind-control by Mind-knowing, is man's when he finally knows CAUSE instead of being limited to the effects of cause. When that day comes man will no longer need to use the limited supply of the earth's fossil fuels, nor need he labor to procure them. The age of transmutation can be but one year away if man chooses to open his mind to new concepts, or, otherwise, it may be three thousand years away. CAUSE can never be known by the study of its EFFECT in motion. Cause is in knowing Mind, not in sensed-body. Cause lies within the invisible universe which does not respond to the senses, and not in the senses which can but sense motion and can never know.' [Walter Russell and Lao Russell]

"The great power to [transmute](#) through [Mind-control](#) by **Mind-knowing**, is man's when he finally knows [CAUSE](#) instead of being limited to the [effects](#) of [cause](#). When that day comes man will no longer need to use the limited supply of the earth's fossil fuels, nor need he labor to procure them. The [age of transmutation](#) can be but one year away if man chooses to open his [mind](#) to new concepts, or, otherwise, it may be three thousand years away. [CAUSE](#) can never be known by the study of its [EFFECT](#) in [motion](#). [Cause](#) is in [knowing Mind](#), not in sensed-body. [Cause](#) lies within the [invisible](#) universe which does not respond to the [senses](#), and not in the [senses](#) which can but [sense](#) motion and can never know." [Atomic Suicide, page 98]

"Long, long ages pass before that [bridge](#), which reaches out to him from its dark, becomes illumined with its own [Magnetic Light](#) of **Mind-knowing**, which then comes to him as [inspiration](#). Even then man may still not know that [God](#) is actually talking to him in [God's language of Light](#)." [Atomic Suicide, page 241]

"[Nature](#) is continually moving to the senses but within **Mind-knowing** it stands perfectly still as but a [thought-picture of Idea](#). See Fig. 76." [Atomic Suicide, page 287]
