The [SVPwiki](#) has approximately 8,200 wiki pages of organized, referenced and linked content (more being added daily) covering primarily [Keely's Sympathetic Vibratory Physics](#), [Walter and Lao Russell's](#) work and that of [Cayce](#),

Bearden, Bloomfield-Moore, Grant Allen, Georg Friedrich Bernhard Riemann, many others', conventional science and physics, music, philosophy and spirituality. The SVPwiki explains such comments as "All force is Mind Force." (Keely) and links matter to Mind and Spirit and explains the fundamental laws and principles that govern all that is. If you are into discovering the Human Potential or Free Energy here is where you will find the fundamentals, laws and working principles to develop it.
