acid are bio-centrifugated with the aid of cycloid-space-curve-motion and so strongly expanded by mechanical means, that they become free, unipolar, cool and highly active in a kind of ray-form. They consume (bind) the oxygenes which become inactive due to the effect of this reactive temperature influence, when these seminal substances[6], which concentrate around the longitudinal axis are dispersed mechanically. In this way they are made palatable as it were, in a manner similar to branches which, swayed up and down by the wind, prepare or pre-masticate the food for the young saplings growing under the protection of the mother-trees. The ultimate products of this digestive process are the high-grade forms of fructigen which, through a progressive series of transformative and formative processes, are produced in similar fashion, when one entity is consumed by a higher one, which in turn falls victim to an even higher lover. The fructigens thus produced are finally consumed by the Earth herself, who gives upward birth to primary products of synthesis, which are created through a progressive series of interactions involving the etherealisation of former fatty-matter derived, for example, from naturalesquely broken down and transformed worm-fat. This etherealising process then ur-produces the more highly influential substances in an energetic state, which the community of worm descendants once more brings to life and moves 'originally'. [The Energy Evolution - Harnessing Free Energy from Nature, The Economy Founded on Reactively Produced Energy]

If the concept of 'culture' were to be defined naturalesquely then it should be interpreted as "the protection of Nature's pre-acting fundamental processes". This is only possible by taking care of what it is that is moved, for as mentioned earlier, naturalesque motion leads to the vivification of the life-carrier - water - and unnatural motion to its mortification, or its death and disappearance. 4. The 'Nature' of the 'Creative Power' is PROTECTION.

Protection is an integral characteristic of **Creative Power** and all of its seeming 'miraculous' activity in the world is geared towards **protection**. (Today, your medical text books describe the various **protective** systems in your body but when I was in the desert I 'saw' the characteristic of **Protection** inherent in the **Intelligent Creative Power** in the following way.)

As plants, birds and animals were presented to me for inspired observation, I could see how every 'need of **protection**' in bodies has been lovingly supplied, with the greatest attention to detail. [Christ Returns - Speaks His Truth, Letter 1, page 14]

"It was at this point of understanding of the **NATURE** of the '**Creative Power**' that I came into the full consciousness of the **LOVE** directing the **WORKS** of the **Universal Intelligent Creative Power**.

As I pondered this **LOVE**, I realized that the 'mother' in creation, nourishes, **protects**, fulfills the needs and tries to promote healing of offspring; this is the activity of **LOVE**." [Christ Returns - Speaks His Truth, Letter 1, page 14]

"It came to me, strongly, that the '**Father-Creative Consciousness**' was perfect **protection**, nourishment,

fulfillment of need, and so the hunger would be taken care of, if I asked the 'Father' for relief. I realized that if the little 'i', the human me, in my need, used the 'Creative power' for selfish reasons, I would be erecting a barrier between the 'Father-Creative Consciousness' and myself, and everything I had just learnt might well be taken away from me.

This frightened me, and swiftly I asked the 'Father-Creative Power' for new strength to carry me back to habitations and Nazareth again. **I also asked for relief of hunger in the form that would be right for me.** Immediately, the hunger pangs subsided and I felt a surge of energy flow through my entire body. Thus I proved that all I had seen, heard and understood was 'reality' and not some vain imagining born of my time in the desert, fasting and alone." [Christ Returns - Speaks His Truth, Letter 1, page 20]

"By working together as a team, separately but inseparable, in the visible world, these twin impulses were the means by which the substance of 'matter' itself has been created out of the sublime 'UNIVERSAL CONSCIOUSNESS'.

One impulse of creativity is: the 'I'ness of **ACTIVITY**.

This **impulse of activity is universal and stems from only one source.**

'Activity' is a movement in **CONSCIOUSNESS**, and **CONSCIOUSNESS** in movement. The other creative impulse possesses (figuratively speaking) **two faces** looking in opposite directions.

They are:

BONDING - REJECTION

Pull towards>>>>>>> the self<<<<<<< Push away otherwise known as

ATTRACTION - REPULSION

Attract>>>>>>> to - THE SELF - from <<<<<<< Repel within **CONSCIOUSNESS**.

These are the ONLY means by which earthly existence has been achieved.

The entire universe is a manifestation of the 'Creative Power' active within these Twin Impulses of PHYSICAL BEING - creating 'matter' and individual form.

This is one of the fundamental 'secrets' of the universe.

I saw that the 'core' of the 'Personality' or 'ego' as it is now called, had been created '**GUARDIAN of PERSONALITY**'

and was irresistibly imprinted with the **magnetic impulse** to ensure

PRIVACY and SURVIVAL.

For the **protection** of the individual 'I'ness

This was accomplished by using the **two faces of the second Impulse of Being**

BONDING - REJECTION to secure individuality.
