Schauberger

As a result of all this the scales fell from the eyes of an ecclesiastical scholar, when I explained to him that the **earthly remains of life** (**mineral and metallic trace-elements**) were essential for the processes of **reproduction**, **regeneration** and upward **evolution**. Whereupon he responded, "My, but what a joke it would be, if we too had got hold of the wrong story! If the true **rigmarole** of the **resurrection** can only begin, when all the various **cadavers** are moved **planetarily** in the **womb** of All-Mother **Earth**, a **motion** the **techno-academic school-aristocrats** have now turned inside out and into the opposite, then after we've gone every last remnant of culture must also disappear!" [**The Energy Evolution - Harnessing Free Energy from Nature, The Biological Vacuum - The Optimal Driving Force for Machines**]

In a word, after decades-long **observations**, **trials** and series of **experiments**, I succeeded in getting to the bottom of this mysterious **double-game** of **Nature's** and in becoming aware of the unspeakable **ferocity** and purest **mother-love** that are united behind her **two eternally concealed faces**. I came to recognise the **scales** of **fate** of all **life** upon which every **action** is scrupulously weighed after **death** and that whatever is no longer fit for the next higher **evolutionary progression** is once more ruthlessly **eliminated**, it being of too **inferior** a **quality** for its **metaphysical transformation** into exalted **entities** in the **form** of the above **formative** and **levitative current**. It has to return to greater or lesser **depths** within the **Earth** to **interact** with those **vibratory influences** in such a way that out of these **basic substances** new **formative** and **levitative energies** **evolve** for a renewed attempt to **rise**. It is these **revitalised substances**, whose higher **forms** of **cooling essences** possess **expanding** and **upwardly impelling functions**, which make this **resurrection** possible. **Falling** and **concentrating light-** and **heat-forms** then subsequently ensure the **intermediate solidification** of 'what is destined to **vegetate**', namely the actual physical **form** of **growth** in which the **counter-energies** also reside, which initiate the further **interactions** that enable this **intermediate assembly** of **raw materials** to **grow**, to **reproduce** and further **evolve** itself. [**The Energy Evolution - Harnessing Free Energy from Nature, The Life-Current in Air and Water**]

The **product** of this event is the mysterious **upcurrent**, the **naturalesquely** ordained **resurrection marvel**. Springing forth from '**higher**' **temperatures**, it rationally and truthfully explains the increase of what is **corpuscular** and its **qualitative** improvement - in a word, the **transmutation** and **perfection** of all that is **raw material** - the **process** of **self-renewal**, or to put it briefly, **evolution** and all **growth**, its coming into **being** and passing away. 29. **Resurrection** means what? It is reciprocal of that which has been expressed. How hath it been put again by him whom ye knew but disliked (for ye loved Peter the better)? "There is no **life** without **death**, there is no **RENEWAL** without the dying of the old." Dying is not blotting out, it is transition - and ye may know transition by that as comes into the experience by those very activities, that "With what measure ye mete it shall be measured to thee again." That was His **life**, that is thy **life**, that is each one's **life**. Then how near, how dear has grown in the hearts, in the minds of all, those who put away **self** that they may know Him the better?

30. HE put away **self**, letting it be nailed to the **Cross**; that the **NEW**, the renewing, the fulfilling, the **BEING** the Law, becomes the Law!

31. For it is the Law to **BE** the Law, and the **LAW is Love**! Even as He showed in all of His manifestations, in the material experiences in the earth; that ye doubted, honestly - that is in the eyes, in the **heart**, in the **soul** even of the Creator counted - even as of old - **desire**, honest **desire** (not because faults did not arise in the material world

but they were meted to Abraham, even as he said) - as [FAITH](#)!

32. [Faith](#) is manifested by that evidence of things not seen, but the hope in the promises of that which is Creative in thine inner self, thine own [soul](#), as it seeks expression, hopes for in the [life](#), yea in the [blood](#) of the Lamb which is the [Life](#) that lights the whole world!
