Russell

"Gravity controls the [moving universe](#) but man has never known, nor even suspected, that his own [immortality](#) and [gravity](#) are [ONE](#) in their **centering** of his [sensed-body](#)." [[Atomic Suicide](#), page 170]

"Not one [action](#) of [motion](#) by man or [Nature](#) - in all the [universe](#) - can escape from the absolute **centering** of its [action](#) by the [Controller of all action](#)." [[Atomic Suicide](#), page 171]

""For behold: [I am](#) within all things **centering** them. And [I am](#) without all things controlling them.

"I center My universe as My [knowing](#). My universe encircles Me as My [thinking](#)."" [[Atomic Suicide](#), page 189]

Schauberger

With [implosions](#) a [molecular ordering](#) takes places in a **radial->axial** [direction](#) and therefore a [suctional effect](#) takes place in the [axis](#), where the most vigorous [decrease](#) in [heat](#) and [pressure](#) occurs. This [attracts](#), [indraws](#), [concentrates](#) and [binds](#) ([emulsifies](#)) the [oxygen](#), which gives rise to [diamagnetism](#). This is precisely the opposite of the [atomic pressural force](#), generally known as [electricity](#). With [implosion](#), [detonationless retro-suctional effects](#) occur in the [core zone](#), which promote a [higher grade emulsive process](#), namely the [binding](#) of the [oxygen](#), which becomes increasingly [passive](#) the closer it is to the [center of flow](#). This results in the [collapse](#) of the [peripheral masses](#), the [release](#) of the [through-flowing substance](#) from the [walls](#), and thereby to an almost [frictionless increase](#) in the [velocity](#) of the [self-inwinding through-flowing material](#), which [accelerates](#) by the square of the [velocity](#) of a [falling heat gradient](#). [[The Energy Evolution - Harnessing Free Energy from Nature, Explosion and Implosion - Expansion and Impansion](#)]

Precisely the [opposite dissociation](#) is [inaugurated](#) when the [suctional component prevails](#) or is [dominant](#). This is because [suction](#), which [produces higher-grade coolness](#), [increases](#) in [proportion](#) to the [centripetating rotational velocity](#). This [invigorating](#) ([quality-enhancing](#)) [suctional effect](#) can only be created when a [tripolar mass](#) of [water](#) or [air](#) is **radially->axially** rotated at high [speed](#) about its own [axis](#). [[The Energy Evolution - Harnessing Free Energy from Nature, Magnetism - Electricism](#)]

This [biotechnical system](#) of [mass acceleration](#) produces [upwardly flowing magnetism](#), whose [formative and levitative force increases](#) by the square of the **radial->axial** [rotational velocity](#) (see fig. 14) in a [naturalessquely constructed](#), [contoured](#) and [alloyed generating device](#). This [system](#) is still unknown to today's purely [mechanistic science](#), which is founded on too low a level of [knowledge](#). [[The Energy Evolution - Harnessing Free Energy from Nature, Magnetism - Electricism](#)]

Up to now this [formative, levitative, multiplying and ennobling natural force](#) has not only been inhibited, but through the [reversed form](#) of [mass-acceleration](#) has been [transformed](#) into the [decomposive energy-form](#) that destroys [development-ripe raw-material](#). All this happened for the sole reason that [air](#) and [water](#) were moved [axially->radially](#) (= technically, [hydraulically](#) or even [dynamically](#)) instead of **radially->axially**, because it was generally believed that the earthly [residues](#) of former [life decayed](#) to [dust](#) and [ashes](#)! And so it came to pass that these [vital formative substances](#) were thoughtlessly [decomposed](#) or [combusted](#) in order to [produce lower-grade light, temperature and power](#). In so doing people literally [condemned](#) themselves to [death](#) by the very sweat of their brows. [[The Energy Evolution - Harnessing Free Energy from Nature, Magnetism - Electricism](#)]

To put it briefly and simply: We have been taught to wind up the [ur-works](#) like a [clock](#), i.e. [axially->radially](#). However, the [ur-works](#) that maintain the [clock-springs](#) of [hunger](#) and [love](#) in [constant motion](#) must be [wound up radially->axially](#), because only thus is it possible to [enable](#) the [suctional components](#) to [prevail](#), which [produce levitism](#) = [upwardly streaming magnetism](#). [[The Energy Evolution - Harnessing Free Energy from Nature, Magnetism - Electricism](#)]

Accordingly we have to learn the lesson from both extremes and [balance](#) out both [forms of motion](#) and [acceleration](#) in such a way that in accordance with the well-known [equation \$F = ma\$](#) , the desired [force F](#) in the form of a [predominantly magnetic ion](#) constantly [possesses](#) enough [levitational superiority](#) to ensure that [natural](#)

increase and qualitative improvement can keep pace with the unavoidable increase in the population. That is to say, the standard of living must be regulated through the use of higher-grade (quality-increasing) retro-influent dynagens, which come into being when bipolar threshold masses are centripetated in accordance with the equation $E = mc^2$. In other words, when they are accelerated by **radially->axially** in-winding forces to a speed exceeding that of sound under the simultaneous effect of a falling temperature gradient, i.e. accelerated along the longitudinal axis above their boundary velocities. This gives rise to the higher-grade factors of temperature, light and energy out of which upwardly streaming magnetism springs forth from the spiritual embryos, the vitamin-molecules mentioned at the beginning. These are suspended in a delicately balanced state of equilibrium in the media of air and water and await the naturalesque motive impulse in order, as refined subtle matter, to transform themselves into formative, multiplying and ennobling retro-influent energies. This will signify the end of the present shortages of food, raw material, germinating substances and fuels, and instead of capitalism and bolshevism a true socialism will arise about which Christ preached 2,000 years ago, who taught of the transformation of matter into spirit with the aid of the above form of motion. [The Energy Evolution - Harnessing Free Energy from Nature, Magnetism - Electricism]

The decisive factor in the generation of flowing magnetism is **radial->axial** motion and the associated development-facilitating shape. With this it is [The Energy Evolution - Harnessing Free Energy from Nature, Magnetism is the Function of Levitism and Electricism is the Function of Gravitism]

In the unnatural, degenerative direction of acceleration, which operates along the transverse axis (centrifugally), i.e. in an axial->radial mode, the magnetism (= levitism) here acts as the resistance. Compared to the counter-flowing electricism, it appears to be in a certain state of rest, the magnitude of its resistance or support increasing commensurately with the acceleration of the downwardly flowing electricism (= gravitism). This is the origin of the tragic misconception that in all motion the resistance increases by the square of the starting velocity. However, in reality this only happens when any given mass (matter) is made to move technically, hydraulically or dynamically[2], i.e. axially->radially (centrifugally), therefore unnaturally. For if any given mass (matter) is made to move **radially->axially** (centripetally), then the upwardly flowing magnetism (levitism) increases at the expense of the disintegrative (destructive) electricism (gravitism) and thus the naturally ordained formative and levitative forces intensify in proportion to the starting (**radial->axial**) rotational velocity. With this type of motion, which is of course only possible with very special motion-inducing shapes (profiles), the effective performance amounts to about 96%. In this case only about 4% of the original formative energies are lost in producing the resistance to motion required by Nature. In technical, hydraulic and dynamic motion precisely the opposite is the case and this is how the enormous consumption of fuel came about, which is exclusively expended in a manner destructive of Nature. [The Energy Evolution - Harnessing Free Energy from Nature, Magnetism is the Function of Levitism and Electricism is the Function of Gravitism]

put it bluntly, instead of being **radially->axially** wound up, the ur-works were wound up like a clock-spring in the opposite way, i.e. axially->radially. To date this false 'winding' has been taught and learnt in all schools and preached from all pulpits. Only the Catholic Church, if merely symbolically, has indicated the naturalesque way to transform high-grade matter into Spirit (energy). However they were unable to recognise the truth, because they believed and also fostered the belief, that after death the earthly remains of fatty-matter, out of which allotropic threshold substances - vitamin-molecules - come into being, decay into dust and ashes. Therefore, due to electrolytic processes of decomposition (unnatural form of interment), the metaphysical fat-concentrates cannot come into being, which are the source of spiritual energy that makes all life invincible, free and independent. Perhaps this was considered undesirable so as to ensure the docility of slave-workers by spiritually castrating them through suppression of the build-up of quality substances, thereby making a constant supply of working oxen available. [The Energy Evolution - Harnessing Free Energy from Nature, Magnetism is the Function of Levitism and Electricism is the Function of Gravitism]
