

concentrated movement

"In this way only, and through such [knowledge](#) only, can man know the [meaning](#) of that [Silent Voice](#), which has tried to reach through his [senses](#) for ages. A continued effort to thus [decentrate](#) from **concentrated movement** to [universal stillness](#), gradually unfolds one's [spiritual](#) and [intellectual](#) nature. [Decentration](#) invites [meditation](#) and [meditation](#) opens wide the doors for [inspiration](#)." [[Atomic Suicide](#), page 173]
