

economic reversal

Schauberger

This latter [temperature-form](#) is applied by today's [science](#) universally, and hence it strives in vain to achieve the [build-up](#) of any [form](#) of [culture](#) (i.e. a [naturalesque course](#) of further [development](#)). On the contrary, it must reap **economic reversals**, which will become all the more [palpable](#), the more wide-spread and intensive this [activity](#) becomes. [[The Energy Evolution - Harnessing Free Energy from Nature, The Life-Current in Air and Water](#)]

[Blood formation](#) or [blood decomposition](#) - [synthesising](#) or [analysing current](#) - [vitalisation](#) or [devitalisation](#) - [health](#) in [mind](#) and [body](#) or [disease](#), [death](#) and **economic disaster**, all these are decreed by what in the opening paragraph [science](#) calls [molecular motion](#) whilst having no [knowledge](#) of the [differences](#) in the [forms](#) of [motion](#), which not only determine [existence](#) or [non-existence](#), but also all [economic progress](#) or [decline](#). [[The Energy Evolution - Harnessing Free Energy from Nature, The Life-Current in Air and Water](#)]

'Conventional' [science](#) and [fire-spitting technology](#) naturally do this very differently, indeed in a diametrically opposed fashion. They exploit [hot processes](#) of [oxidation](#) as the [developmental basis](#) for the [build-up](#) of a [decomposive](#) and [retrogressive force](#), which in [Nature](#) is employed for the recall for [reconstitution](#) of what is unfit for [development](#). No wonder therefore that this type of [force](#) reacts, with [resistances](#) that increase by the [square](#), against the [insanity](#) of its wrongful [exploitation](#) for the purposes of the [build-up](#) of [culture](#). Therefore the crowning [law](#) of today's [technology](#), the [conservation of energy law](#) and the so-called [heat equivalent](#) are founded on an unnatural [developmental basis](#). To put it plainly, contemporary [science](#) and its [technology](#) have backed the wrong horse and have ridden it for so long, or have sacrificed the available [raw materials](#) to [power](#) precisely the opposite [force](#) to such an extent as to drag in an **economic collapse** by its head and shoulders. It has not understood how to copy the ideal [method](#) of [generating power](#) and [formative energy](#), or through the [naturalesque transformation](#) of inferior [raw materials](#) into [quality products](#), how to make the [natural sources](#) of [energy](#) available in unlimited [quantity](#) for a virtually [free](#), silent and [development furthering mechanical power](#). [[The Energy Evolution - Harnessing Free Energy from Nature, New Forms of Motion and Energy](#)]

place to an [economy](#) powered by [excremental matter](#). For this reason an **economic decline** is inevitable. The [reintroduction](#) of [cycloid-space-curve-motion](#) signifies the [reinstatement](#) of the normal [progress](#) and [processes](#) of [development](#) and the immediate [alleviation](#) of [privation](#) and [penury](#). [[The Energy Evolution - Harnessing Free Energy from Nature, The Practical Application of Cycloid-Space-Curve-Motion arising from Processes of Cold Oxidation](#)]
