

electrically compressed body

Russell

"The fact that you can hear the [sound](#) is because it is [electrically reborn](#) by being re-compressed into the [density](#) of your [body](#). Your **electrically compressed body** is a [receiving station](#) for [reborn](#)ing the dying [sound](#), just as a cliffside is a [receiving station](#) for [reborn](#)ing the [sound](#) as an [echo](#). An [electronic tube](#), and a cliffside, are alike in this respect." [Atomic Suicide, page 151]
