

energy particles

"At the outset of the following teachings, **I**, the **CHRIST**, must remind you that yours is not a solid universe. As you probably know, according to your scientists, solid 'matter', the **visible substance** of the world, is really composed of **energy particles**.

The **TRUTH of BEING** of your earthly dimension rests on this fundamental reality of **creation**.

To understand my teachings regarding the **Truth of Being**, it is necessary to grasp this fundamental 'seeming emptiness' underlying all your created world." [Christ Returns - Speaks His Truth, Letter 5, page 6]
