

# focalized seat

"There is good reason for believing that [insanity](#) is simply a condition of [differentiation](#) in the [mass-chords](#) of the [convolutions](#), which creates an [antagonistic molecular bombardment](#) towards the [neutral](#) or [attractive centres](#) of such [convolutions](#). This may be compared to a knot on a violin string. As long as this knot remains, it is impossible to elicit, from its [sympathetic](#) surroundings, the condition which transfers pure [concordance](#) to its resonating body. [Discordant](#) conditions (i.e., [differentiation](#) of [mass](#)) produce [negatization](#) to [coincident action](#). Pure [sympathetic concordants](#) are as antagonistic to [negative discordants](#) as the negative is to the positive; but the vast volume the [sympathetic](#) holds over the [non-sympathetic](#), in ethereal [space](#), makes it at once the [ruling medium](#) and re-adjuster of all opposing conditions, when properly brought to bear upon them. [Josiah Royce](#) is right as regards correspondent [sympathetic association](#) between two conditions. If [concordance](#) can be established, even of unlike states, no matter whether it be of the high tenuous forces of nature, gases with liquids, liquids with solids, solids with gases, the structural conditions can be perfectly adverse. Their [neutral centres](#) are the **focalized seat** of [sympathetic concordance](#) for controlling any [differentiation](#) that may exist outside, or in the [mass](#) that surrounds them. Certain [orders](#) of [vibration](#) can reach these centres and establish a [concordant flow of sympathy](#), independent of any [mass antagonism](#); in other words, certain orders of [sympathetic vibratory transmission](#) can correct and equate all [differentiation](#) that may exist between physical organisms and their [cerebellic flows](#). [Discord is disease. Harmony is health.](#)" - [Keely." [[[Vibratory Physics - The Connecting Link between Mind and Matter](#)]
