

# higher spiritual consciousness

"As many of you are aware, you are entering a new phase of world history, during the course of which it will be realised that no longer is the [great divide](#) between the wealthy and the poor.

The [great divide](#) will be in [consciousness](#). The divide will be between those who have been able to find entrance into the **higher spiritual consciousness** and radiate [love](#) and acceptance equally to all - friends and foes - and who make it their goal to radiate [Divine Consciousness](#) into every facet of their daily lives - and those who remain encased within their [ego-drives](#), seeking domination of the weak. They may appear to succeed for a while - but eventually they will fail and their suffering in their self-created [darkness](#) will be great.

These [Letters](#) will be the means of your moving out of darkness into [LIGHT](#)." [[Christ Returns - Speaks His Truth, Letter 4](#), page 22]
