

# Lust

## Schauberger

already very shaky scientific edifice would come tumbling down, if the full scope of the [reactive energy economy](#) should become known too quickly. An [upheaval](#) of such a kind would then arise, which could not be endured in these days of [food](#) shortages, and the baby would be thrown out with the bath-water by those, who have only one idea left: somehow to struggle through [life](#) and to be [free](#) of all problems. Were this implemented, however, then the most marvellous things would come to [life](#) again, which compared to the present [world](#) situation would be a [paradise](#). The trick therefore is - how do I tell the innocent children that the end has come for all manner of **lusts** for [power](#), because a [natural power](#) is now appearing, before which everything else must unconditionally capitulate. Today this new [power](#) rejoices over the victory, which was brought about by the fact that the Germans - and this can be examined from any desired viewpoint - were unfortunately the best exponents of a [technology](#) founded on [faecal matter](#). Unhappily they exploited precisely those [expulsive energies](#) that enable us, for example, to rid ourselves of those [substances](#) so vital to the [Earth](#) for maintaining the eternal [renewal](#) of her [motive forces](#). With the aid of these earthly and other [waste materials](#) she recreates everything anew, which our evolutionally older descendants absolutely require for their various necessities of [life](#). For this reason wise [Nature](#) will not hesitate much longer before she clears everything off the green [dissection-table](#) with a single sweep of the hand, as it were, upon which, using [decimal scales](#) and an [inch ruler](#), attempts were made to discover the '[essence](#)', namely, that which provides for the [weight](#) and [measure](#) of all things. And thus, instead of specific [elements](#) they found absolutely [heavy remnants](#), which they then declared to be '[atoms](#)'. That these [remnants](#) of a former [organic whole](#), which have been artificially rendered [potential-less](#) (stripped of [life-force](#), so to speak), interact in a lively fashion, is quite obvious. Under no circumstances, however, do the [products](#) of [synthesis](#) that produce higher [quality products](#) come into [being](#) in this way, but only [active forms](#) of [heat](#) and [cold](#). These promote the [process](#) of [decay](#) through further [interactions](#), which in turn give rise to the [decomposive](#) and [retrogressive factors](#) that promote an [accelerated disintegration](#) as well as the [annihilating energies](#) that [intensify](#) by the [square](#). That these [energy-forms](#), which foster [decomposition](#) and are possessed of a [force](#) of [resistance](#) that [increases](#) by the [square](#), contradict the irrational assumption that they actually further the [build-up](#) of [culture](#), is perhaps only incomprehensible to those who know nothing of the specific [counter-elements](#) and who, because of a tragic [error](#), established the crowning [law of contemporary technology](#), such that under all circumstances the [resistance](#) must [increase](#) by the [square of the velocity](#). The specific [counter-form](#), the [upward falling weight](#) as it were, comes into [being](#) when [etherialised substances](#) are transferred to the [4th dimension](#). This happens, due to the fact that [negatively potentiated constituents](#) of [carbonic](#) [The Energy Evolution - Harnessing Free Energy from Nature, The Economy Founded on Reactively Produced Energy]

## Christ Returns - Speaks His Truth

**"I - We - say to men and women everywhere - true [Purity](#) is only attained when you can be surrounded with every form of [temptation](#) and yet remain untouched by [desire](#), unmoved by earthly [feelings](#), untainted by earthly lusts, free of craving and longing for [possession](#).**

**[Purity](#) in its every form transcends all earthly physical hungers. [Purity](#) is the ability to see [temptation](#) for what it is - grossness of [thought](#) and [feeling](#) which traps the [senses](#) of men and women into doing unclean things. A truly pure person desires only the clean and honest environment suited to their innate longing for [spiritual love](#) and [beauty of self expression](#) in every facet of their lives. That is true [Purity](#).**

However, true [purity](#) cannot be achieved unless there have first been the long years of [temptation](#). It is a necessary part of your [spiritual development](#); unless you have been sorely tempted at times, and have eventually come to understand that there is a higher road to walk, a road of [self-denial](#), and of sincere concern and caring for a good woman, you will never attain a state of true [purity](#).

You will be enslaved by [desire](#) and will be in a constant turmoil of [inner conflict](#)." [Christ Returns - Speaks His Truth, Letter 4, page 15]
