

manifestation

The amount of time it takes you to get from where you are to where you want to be, is only the amount of time it takes you to change the vibration within you. Instant manifestation could be yours if you could instantly change the vibration.

Abraham-Hicks

noun: evidence that something exists or is present

noun: expressed into [being](#)

noun: an occasion when a [ghost](#) or [spirit](#) appears

noun: a manifest indication of the existence or presence or nature of some person or thing ("A **manifestation** of [disease](#)")

noun: a clear appearance ("A **manifestation** of great [emotion](#)")

noun: a public display of group [feelings](#) (usually of a political nature)

noun: expression without words

noun: an appearance in bodily form (as of a disembodied [spirit](#))

Keely

"Beyond [disintegration](#) lies [dispersion](#), and Keely can just as easily [disperse atoms](#) of [matter](#) as [disintegrate](#) its [molecules](#), dispersing them into [ether](#). The [law of gravity](#) appears in the light of Keely's experiments but one **manifestation** of a law which provides for the [reversion](#) of the [process](#) of [attraction](#) in the shape of a [process](#) of [repulsion](#). Keely, by means of a [belt](#) and certain [appliances](#) which he wore upon his person moved singlehanded, a [500 horsepower vibratory engine](#) from one part of his shop to another, without a scratch on the floor, and astounded [engineers](#) declared it could not have been moved without a [derrick](#), to use which would have required the removal of the roof." [KEELYS SECRETS - 1888]

"*Science admits that nature works with dual force, though at rest she is a unit. Nature is one eternal cycle. Keely's discoveries prove that the doctrine of the Trinity should be set down as an established canon of science - the Trinity of force. All nature's sympathetic streams - cerebellic, gravital, electric and magnetic - are made up of*

triple currents. The ancients understood this *dogma* in a far deeper sense than modern *theology* has construed it. The great and universal *Trinity* of *cause*, *motion* and *matter* - or of *will*, *thought* and **manifestation** - was known to the *Rosicrucians* as *prima materia*. *Paracelsus* states that each of these *three* is also the other *two*; for, as nothing can possibly exist without *cause*, *matter* and *energy* - that is, *spirit*, *matter* and *soul* (the ultimate *cause* of *existence* being that it exists), we may therefore look upon all *forms* of *activity* as being the *action* of the universal or *Divine will* operating upon and through the *ether*, as the skilled artificer uses his tools to accomplish his designs; making the *comparison* in all *reverence*." [Bloomfield-Moore, *More Science*]

Schauberger

All analyses of whatever kind are followed by a *synthesising process*, i.e. the **manifestation** of what has been *evolved* to a higher *level*. This is initiated by *A-group temperatures* out of which the *formative*, *reproductive*, *upwardly evolving* and *qualitatively improving synthesising current* arises. [The Energy Evolution - Harnessing Free Energy from Nature, *Bio-Technology: Active and Reactive Temperatures*]

Crude oils belong to the *genus* of physical **manifestations** that are incapable of *reproduction*. They are *formations* that missed their way on *evolution's developmental path* and rightly belong to the *genus* of *mules*, in which connection the *donkey* is also known to have made a mess of the normal *progress* of *development*. Seen from this angle, *distilled crude oil* is to be considered as a kind of *super-mule*, produced by *humans* who think they can cleverly outsmart *Nature*. [The Energy Evolution - Harnessing Free Energy from Nature, *The Liquefaction of Coal by Means of Cold Flows*]

Hughes

"*Religion and science* are the two handmaidens of *God* between whom can be no real *variance*, because they are both *divine*, both complete, both do the work of their *Lord*. If they seem at *variance*, it is only because the dull *sense* of men cannot understand the beautiful variety, yet the heavenly *harmony* of their **manifestations**."—Rev. J. W. Reynolds, M.A. [*Harmonies of Tones and Colours*, *Diagram XIII - The Twelve Keynotes with Their Trinities*, page 38a]

Cayce

"*Know - as has been given to self*, to others - when there is trouble, doubt or *fear*, the greater portion lies within the own *consciousness*. If you would have others show themselves lovely, be lovely yourself! If you would have friends, be friendly! If you would make for those things which would bring about more harmonious association in any phase of the experience, know they must first be lived - conceived, born and reared within the own *consciousness*." Cayce (1000-21)

Bob Proctor

"The *law of gender* decrees there is a *gestation* or *incubation* period for the **manifestation** of all *seeds*, and, make no mistake about it, the image of wealth you chose to build on the screen of your *conscious mind* and then turned over to your *subconscious mind* is a *seed*; and it is growing into physical form, in the most fertile field of which you could ever conceive." [Bob Proctor, *You Were Born Rich*, page 98]

Becoming

"However, this cannot be asked of an unknowable *God* that may capriciously choose whether to answer or not, depending on His mood that day. Such a *God* does not exist. Pure potentiality exists with multiple levels of *awareness* within its expression all the way "down" to *3rd dimensional awareness* and even below that level. All

these multiple levels of *awareness* combined may indeed be considered "God." There are levels within this composite of *awareness* that are very great indeed. Consequently certain levels of this "God Awareness" can and do hear and answer *prayers* that are addressed to them correctly, either accidentally or through the understanding and application of the *Basic Laws* that all manifested *awareness* exists within.

"To ask is the first important step. To continue to ask never allows the process to move beyond the asking stage. First ask, assume the answer is on its way and then continue to express appreciation that it is happening in its own perfect *wisdom* and timing. That "*wisdom* and timing" is greatly influenced by the one asking and how well that *awareness* is able to follow through with the two remaining steps after the initial asking. This is often called *prayer*. Nothing can happen until there is first asking. Then the next two steps, assuming it is happening (continued focus of *intent*) and expression of appreciation (*allowance*) controls the **manifestation**. It is that simple! A few additional details are helpful. Ask within a framework that allows what might be called "Divine Intelligence" or *thought thinking* to fill in the details. Doubt destroys results; trust insures them. It seems that these simple rules cannot be repeated too often, for habits formed through misinformation are difficult to overcome. It would be wise to reread this message frequently to remember these essential steps." [Becoming](#) 

Christ Returns - Speaks His Truth

"Visible things are but a **manifestation** of specific frequencies of *vibration* in *consciousness* which produces a 'SHIMMER OF MOTES OR PARTICLES' giving an appearance of solid 'matter'.

Each *visible substance* possesses its own unique vibrational *frequency*. A change in the *rate of vibration* produces a change in the appearance of 'matter'. As *consciousness* energies change so do the appearances of 'matter' change." [Christ Returns - Speaks His Truth, Letter 3, page 19]

"By working together as a team, separately but inseparable, in the *visible* world, these **twin impulses** were the means by which the **substance of 'matter' itself** has been created out of the sublime '**UNIVERSAL CONSCIOUSNESS**'.

One impulse of creativity is: the '*I'ness* of **ACTIVITY**.

This **impulse of activity is universal and stems from only one source.**

'Activity' is a movement in CONSCIOUSNESS, and CONSCIOUSNESS in movement.

The other **creative impulse** possesses (figuratively speaking) **two faces** looking in opposite directions. They are:

BONDING - REJECTION

Pull towards>>>>>>> the self<<<<<<< Push away otherwise known as

ATTRACTION - REPULSION

Attract>>>>>>> to - THE SELF - from <<<<<<< Repel within **CONSCIOUSNESS**.

These are the ONLY means by which earthly existence has been achieved.

The entire universe is a manifestation of the 'Creative Power' active within these Twin Impulses of PHYSICAL BEING - creating 'matter' and individual form.

This is one of the fundamental 'secrets' of the universe.

I saw that the 'core' of the '**Personality**' or '**ego**' as it is now called, had been created '**GUARDIAN of PERSONALITY**'

and was irresistibly imprinted with the **magnetic impulse** to ensure **PRIVACY and SURVIVAL**.

For the *protection* of the individual '*I'ness*

This was accomplished by using the **two faces of the second Impulse of Being**

BONDING - REJECTION to secure *individuality*.

[Christ Returns - Speaks His Truth, Letter 5, page 25]

Witches call it [spells](#).
Christian's call it [prayer](#).
Spiritualists call it **manifestation**.
Atheists call it the [placebo effect](#).
Scientists call it [quantum physics](#).
Everyone's arguing over it's name.
No one is denying its existence. [anon]
