

omnipresent gravity control

"Those rings have but one direction in their turnings around their **omnipresent gravity controls**, but they cause two separate effects. One of these effects is [centripetal](#) and the other is [centrifugal](#). Because of these two life-death effects the universe may be described as a [two-way opening and closing universe](#) of but one direction." [[Atomic Suicide](#), page 147]

"Likewise, bear in Mind that **gravity is omnipresent** and does not move." [[Atomic Suicide](#), page 223]
