

scientific system

Schauberger

In order to clarify what has been stated in the last paragraph, books would need to be written. Here we are especially concerned with the [production](#) or [ur-creation](#) of [higher formative and dynamic agencies \(dynagens\)](#), whose [essential nature](#) will be described here to the extent necessary to enable [miniature machines to function](#) more [naturalessquely](#) and therefore better than is presently the case. Everyone has a free [choice](#) either to adopt these new [methods](#) or to continue to [believe](#) that the **scientific system**, devised by [rationally-minded individuals](#), is the very last word in [mechanical motion](#).
