

sexlessness

Not having [gender](#), [polarity](#), [duality](#) or [poles](#). Being [neutral](#), [depolar](#).

"The [sex divided condition](#) did not occur to these early observers. Such an [idea](#) never entered their [thinking](#). To them [sex](#) was a function of [organic life](#) and most distinctly not a part of the [atomic life](#) of inorganic matter. Nor did the spectrum [red and blue divisions](#) ever become a part of their consideration. Nor did the [idea](#) of [tensions](#) ever enter into their [thinking](#) in relation to [electricity](#), the [tension of the spectrum division](#) which desired [unity](#) by the disappearance of the [colors of motion](#) into the [Magnetic White Light](#) of [universal stillness](#), or the [tensions](#) of [sex division](#) of [Father-Motherhood](#) into [father](#) and [mother](#) bodies which desired [unity](#) in **sexlessness**. Nor did they take into consideration that the two opposites of [compression](#) and [expansion](#) coincided with [concentration](#) and [decentration](#) - [growth](#) and [decay](#) - [life](#) and [death](#) - or the [polarization](#) and [depolarization](#) principle." [[Atomic Suicide](#), page 146]
