[8] **Fatty matter**. In its association with what Viktor Schauburger calls 'sweet matter', a creative, formative substance, this relates to compounds principally containing carbon C and hydrogen H (carbohydrates - CH) and all the elements under the collective term 'carbone' or 'mother-substances'. In this regard, despite its general 'neutrality' as a carrier substance (like a **woman** with child), H is more inclined to the feminine than the masculine. — Ed. [The Energy Evolution - Harnessing Free Energy from Nature, The Life-Current in Air and Water]

There is insufficient space here to explain the nature of biomagnetic and bioelectric currents or their origin and purpose in more detail. They always come into being and operate simultaneously, because everything is bipolar, i.e. in every man the feminine also exists, and in every woman the masculine. Here too it is merely a question of which type of molecular motion took place first, thus giving precedence to processes of oxidation or reduction. All it takes therefore is a small starting impulse to determine the fate of all living things and whether they are dispatched on a downward or upward path. [The Energy Evolution - Harnessing Free Energy from Nature, The Life-Current in Air and Water]

Let us consider, for example, a fully-developed ovum in the body of a fertile woman. The reproductive product, the child, can only be woken to life through a particular forward motion, which takes place first. This leads to the influx of the fertilising substance, to independent life and thus to autonomous movement. For this process wise Nature made provision for certain changes in shape associated with aroused or excited states without which the coming to life of a child is impossible. [The Energy Evolution - Harnessing Free Energy from Nature, The Liquefaction of Coal by Means of Cold Flows]

The inner ingredients contained in carbon (carbone) can be compared to the unfertilised reproductive or formative substances of a mature woman immediately after menstruation. [The Energy Evolution - Harnessing Free Energy from Nature, The Liquefaction of Coal by Means of Cold Flows]

Christ Returns - Speaks His Truth

"The **DIVINE INTENTION** of **UNIVERSAL CONSCIOUSNESS** was to express ITs own wholeness through creation by individualising, in physical form, each of the two equally balanced aspects of ITSELF and then bringing them together again in physical form, to experience the unity and wholeness of **DIVINE CONSCIOUSNESS** from which they originally took their individuality.

As they come together in love and unity of spirit and body, they discover the joy and ecstasy of **UNIVERSAL CONSCIOUSNESS** in equilibrium.

(This entire process is clearly set out in Letters 5 and 7.) Therefore, the combination of the masculinity of the man and the femininity of the woman is essential to make a 'whole' drawn from the **SOURCE** of BEING. Out of this combination is formed a whole child." [Christ Returns - Speaks His Truth, Letter 4, page 17]

"In years to come, when a man and woman have evolved spiritually, if or when divided in intention, they will together take their intentions to '**FATHER-MOTHER-DIVINE CONSCIOUSNESS**', asking: 'What is to be created in our circumstances? What is our best way ahead?'" [Christ Returns - Speaks His Truth, Letter 4, page 19]

"When on earth, to describe the **Reality** behind and with in existence, I deliberately coined the term the '**Father**' when referring to '**God**'. This was done for two reasons.

Firstly, as I explained in Letter 1, when I received enlightenment in the desert, I was enabled to see that the concepts describing the Creator of the universe as 'revealed' by the Jewish prophets were completely wrong. Secondly, I was given to perceive clearly - and fully understand - the true nature of the Creator and I realised that it was a nature of parenting - of fulfilling the needs of creation in clear-cut, specific ways which were synonymous with those of a father-mother. Indeed, I saw that the parenting impulses present in all living creatures had been drawn directly from the Creator, and that the origin of all love and parenting drives was also

the [origin of life](#) and existence itself.

I also 'saw' that [creation](#) was a **visible manifestation of the Universal Creative Impulses of Being, and therefore humankind could be termed the offspring of the creator.**

For this reason, it was quite natural for me to speak of the '**Father**' when referring to the [Creator](#), since, to me, this is what the [Creator](#) truly is in every way - more especially '**Father-Mother**' but having regard to the [Jewish](#) insistence on the **woman** occupying a subordinate position in their daily lives, I referred only to the '**Father**' to avoid [Jewish](#) resistance and to gain their acceptance of the new terminology.

I also coined the term the '**Father**' to help the [Jews](#) realise that their concept of [Jehovah](#) and the rigidity of [Jewish laws](#) were totally erroneous. Also by using a new terminology - the '**Father**' - to describe the [Creator](#) - **the Creative Impulse** - behind and with in existence, I made it clear I had brought an altogether new teaching in opposition to the accepted [belief](#) in a '[God](#)' which rejected certain people and sent disasters upon them as [retribution](#)."
